

ACCOUNTING

Certificate of Achievement

Accounting involves the preparation, examination, organization, management and design of accurate recording and reporting procedures of financial and business transactions. The Accounting program provides training in many phases of business and prepares a student for employment as an accounting clerk or business trainee. Accounting clerks are employed in nearly every kind of public and private organization. They are usually responsible for records of accounts receivable, accounts payable, payrolls, bank deposits, purchase orders, expense reports, or sales commissions.

Important: To obtain the Certificate of Achievement in Accounting, students must complete the following requirements with a minimum grade point average (GPA) of 2.0:

- The Accounting certificate requirements below.
- All major courses must be completed with a C or better.
