<tbody>
<tr>
<td>Force Options Simulator – L Mero, Lead Instructor</td>
<td></td>
</tr>
<tr>
<td>- The new mounted system is a Milo Range in the TC Building on the Yreka Campus</td>
<td></td>
</tr>
<tr>
<td>- The old system was more flexible and could go on the road</td>
<td></td>
</tr>
<tr>
<td>- Now we have two systems, for both on road and stationary.</td>
<td></td>
</tr>
<tr>
<td>- The Milo range is more realistic training</td>
<td></td>
</tr>
<tr>
<td>- Has 16 laser based weapons</td>
<td></td>
</tr>
<tr>
<td>- Four fully operated officer system</td>
<td></td>
</tr>
<tr>
<td>- 80% of all weapons are supported with this system</td>
<td></td>
</tr>
<tr>
<td>- The system is very flexible for many types of training</td>
<td></td>
</tr>
<tr>
<td>- Cost for training is free.</td>
<td></td>

New Business
- CTE Dean – Bob Taylor introduced himself
- Perkins has a small amount of money for the ADJ program, $10,000.
- We are looking for money for a new or used skid car.
- The program is growing and trying to add a Level I

New Courses – Michele Korkowski
- Two new courses have been added to the ADJ Program.
- Emergency Management/Intro to homeland Security and Criminology.
- These are certificate programs and not POST approved.
Module I Development
  o Module I has been submitted to POST
  o Mario, from POST, discussed the need for a Level I
    ▪ COS has a great training facility
    ▪ The population is smaller, but the need is great
    ▪ Level I is a huge program with 14 scenarios and consists of at least \( \frac{1}{2} \) of the full academy all together.
    ▪ A lot of Level I’s have been dropped due to cost
    ▪ Mario is very supportive and believes there is a chance to obtain a Level I at Siskiyous.
    ▪ Time frame – we should have an answer in 2-3 months (hopefully by the end of September 2014)

Reserve Program
  o All area departments reported on their needs for hiring as well as problem associated with keeping employees.

Five Year Plan
  o Discussion on agency training needs
  o Departments want hands on and tactical training
  o Need to send for training if requesting a class.
  o Training Ideas?
    ▪ Ray Boutin discussed the need for 24 hour perishable skills classes twice a year. Classes like Arrest and Control, Communication, Driver Simulator, Skid car.
    ▪ Mario from Post advised us to build it and people will travel to take the classes.

Technology – Larry Glenn
  o We now have Office to Office Communication. For example if Chief Bowels is in his office and needs to give a presentation to a classroom COS can now connect him using 3CBnow. The College will set it up. All you need is a computer and a camera.
  o Ray Boutin had a student from Happy Camp who was unable to attend class and it worked great.
  o This system can tie in wireless. Kinda iffy but can be done.

Equipment
  o Batons, Radios, gas masks, and training guns were a few of the new equipment items purchased.

Perishable Skills Program.
  o December 31, 2014 is the end of the 2-year cycle with all new training beginning as soon as July 2014.

POST Up-date
  o The ending of a training cycle was discussed.
  o POST may be looking at dramatic changes.
  o Human Trafficking is a mandated training due by July 1, 2014. Don’t wait to train.
  o POST does not monitor legislative mandates. If you took volunteer training it will count.
  o POST office will be moving in December.
  o Butte graduated 29 graduates. All are viable. High intensity training with no sluges! All extremely hirable.
  o Contact Shasta Col Sheriff’s Office. Shasta College if no help in their training.

Work Experience – Michele Korkowski
• Students are placed with local law enforcement agencies
  - Two from the ADJ Program were placed with possible agency employment. Students receive transferable College credit.
  - Michele and Jeremiah prescreen students before placing them.
  - San Francisco PD Academy is involved in the Work Experience program.
  - Agencies do the background checks.
  - All students are volunteer.
  - Students will contract with the agency to make schedules.

• High School/College of the Siskiyou Pathways
  - We are currently growing the program to offer courses at the high school level.
  - Students will receive college credit while in high school then finish at COS for a degree.
  - Last Spring there were 25 students with 17 passing the college final.
  - 37 students are ready for next year.
    - Fall – Intro to Law Enforcement.
    - Spring - Intro to Corrections.

Career Pathways – Bob Taylor
  - High Schools do not allow Post-Secondary on campus until after 2:30 or 3P.m.
  - The classes are devised to offer on-line, but high schools will meet in a designated room but all others will be on-line.
