

BEGINNING STUDENT EDUCATIONAL PLAN FOR SUCCESS

By Natalie Bradley, MS, CRC, Learning Specialist

Attend class everyday

Ask teacher for help when needed

Accept feedback

Adjust assignments according to feedback

Complete at least one section per class

Take work home to review and study

Study at home, Review new material the same day

Move forward even when lacking motivation

Keep completing small steps to reach goals

Keep communicating with teacher

Take care of physical and mental health for brain power

When ready to take test, do breathing exercises to reduce test anxiety

Complete tests

If test not passed, review strategy and errors

Improve strategy

Study and practice areas where there were low scores

Keep taking tests until passed

Having a rewarding college life or career

Congratulations!
