Wheelchair Accessible Restroom Accessible Parking

NOTE: Print pages 1 of 1 or you will get 3 additional unwanted pages.

Words off the page will print in their proper places.

Looks are deceiving!

Wheelchair access signs look out of place but **do** print where they are supposed to be. They **will** have to be moved if changes are made to the wording, as this will move the placement.

When making changes

Always check "Print Preview."
This will give you an accurate view of what will print
