COS Speakers Series Presentation Scheduled for February 23

Weed / COS –The 2016/2017 College of the Siskiyous Speakers Series will kick off its new season with a presentation by Dr. David Carico entitled “What is Time?” on Thursday, February 23. The presentation will be held in the Weed Campus Science building, room 110 and will start at 7 p.m.

We all experience time. We want it to go faster, or slower. We want more of it, or less. But what *is* it? Neither philosophers nor scientists can offer any generally accepted answer to that question. Nevertheless, the extraordinary theories of quantum mechanics and Einstein’s relativity have much to say on the subject. Join us as physicist and adjunct COS instructor David Carico leads us on an exploration of this fascinating topic...if you have the time!

The presentation is open to the public and free of charge. The purpose of the COS Speakers Series is to provide a forum in which all members of the College of the Siskiyous faculty and staff can share insights into topics and activities that are of interest to them with the COS community and the general public.

For more information about past and upcoming presentations, bookmark our website: <http://www.siskiyous.edu/speakerseries>. For questions, call the COS Public Relations Office at (530) 938-5373 or send an email to pio@siskiyous.edu. The Weed Campus can also be reached by calling (530)938-5555 or toll-free (888) 397-4339.
