Two New Computer Science Courses Added to Spring 2019 Schedule

Weed / COS – College of the Siskiyous announces two new Computer Science classes have been added to the spring 2019 schedule: Web Publishing II and Introduction to Linux. Both three unit classes will be taught online beginning January 28, 2019 by Segal Shaw.

Web Publishing II (CSCI 1528 / #3421) will cover the complex aspects of web page construction, including: Cascading Style Sheets, JavaScript, and other extensions to HTML. It is intended for the serious web publisher with a background in HTML.

Introduction to Linux (CSCI 1039 / 3420) will present the Linux/UNIX operation system including tools for file and file system structure, system services and processes. Networking and system administration will also be covered.

Students enrolling in either class will need effective computer skills with reliable internet access and should check the COS online course website at www.siskiyous.edu/online prior to the first day of the semester for specific course information.

Registration for spring semester classes is open and students should register soon. For class registration information, call the Enrollment Services Office at (530) 938-5500. The Weed Campus can also be reached by calling (530) 938-5555 or toll-free, (888) 397-4339. Register in person at the Weed or Yreka or register online (anytime) at www.siskiyous.edu.
