2	4/2/24 16:22:45	4/2/24 16:26:40	anonymous		Classified	We have approved several AP's and BP's this year that help the institution overall.	NA-- I have only been in the committee for a little bit, not long enough to know exactly what our major issues are.	NA-- I have only been apart of this committee for a short amount of time and do not have any recommendations to improve efficiency at this time.	I do believe that the committee met its annual goals	Goal #3 should be our main focus for the upcoming year
3	4/12/24 19:05:46	4/12/24 19:09:56	anonymous		Administrator	AP/BP approval. Several organizational handbooks/guiding documents approved. Excellent discussion.	Finding a time that everyone can meet.	I thought this was the most efficient year I have had on this council.	Yes! I think we are on the right track.	Continue to look at organizational structure and efficiency in the work that we do for our students.
4	4/12/24 19:11:01	4/12/24 19:31:49	anonymous		Full-time faculty	We evaluated and updated a lot of BPs/APs	I don't think the committee has any major obstacles or problems, although sometimes I think we should dialogue more about issues.	I think the committee is efficient.	I think they were generally met.	I think continuing to evaluate and update APs/BPS aligns with Goal #3. Perhaps integrating some more discussions and dialogue on how we can improve student goal completion may be something to consider in future College Council meetings to align with Goal #1.
5	4/15/24 13:13:27	4/15/24 13:16:47	anonymous		Full-time faculty	I have recently joined the committee and have only attended two meetings.	I really don't have a clear sense of the committee's charge. Last stop before the board for documents and policies? Maybe that needs to be better explained.	It seems pretty efficient.	In the few meetings I have attended, we have not done anything that addresses these goals.
