Discussion:

Questions for Elumen

“Expected SLO performance”

How do we arrive at this number?

What are the implications if we don't reach this number?

Can a representative join us for Flex

How do we map to Program GE Outcomes

Once Programs are entered in elumen how does that change things

SLO section, when will we see information pulling from classes?

What format does Elumen use for SLO, how do we enter it? What is it going to look at?

What needs to happen with canvas.

Must enter programs for test run in spring

What are those programs?

Test Programs for SLO initialization
