

# THEATRE ARTS (AA-T)

---

The Theatre Arts program is a rigorous and exciting program that trains its students in a variety of theatrical disciplines, including acting, playwriting, theatrical makeup, script analysis, directing, stage management, lighting, design, and stagecraft. Majors will have the opportunity to participate in up to four productions a year: three main stage productions and a one act festival in our smaller black box venue. Theatre Arts graduates will be prepared to transfer to a four-year university for further training; find entry level work in technical theatre; act, write or direct on a community or professional level or in film or television. The Associate in Arts in Theatre Performance for Transfer will meet the needs of students transferring to a California State University who intend to study in a theatre-related major. It is highly recommended that students consult with a counselor to determine whether this degree is the best option for their transfer goals. **Important:** To obtain the Associate in Arts Degree in Theatre Performance for Transfer, students must complete the following requirements with a minimum grade point average (GPA) of 2.0:

- The Theatre Arts major requirements below.
- The California State University General Education – Breadth (CSUGE) **or** the Intersegmental General Education Transfer Curriculum (IGETC) requirements. **\*\*Please note: Area 6-Languages Other Than English on the IGETC is *NOT* required for the AA-T.**
- Any needed transferable electives to reach a total of 60 CSU transferable units.
- All major courses and any courses noted on the CSUGE or IGETC check sheets must be completed with a C or better.
