Hello Siskiyous and Happy Siskiyous Pride Month!

Siskiyous acknowledges Pride Month during the month of May to celebrate our LGBTQIA+ Students and Employees prior to summer break. This year's theme is 'Reflect. Empower. Unite'. The theme is inspired by the legacy of LGBTQIA+ activism. This theme invites everyone to reflect on the progress made together and join forces to build a brighter future for all. A community pride event is currently being planned at the Mt. Shasta Brewery on Saturday June 15, 2024. This event is open to all! A variety of activities suitable for everyone will be offered. More information will be forthcoming!

This week's updates:

- **Enrollment Report:** Can be accessed [here](#).
- **Maintenance and Facilities Updates:** No Construction this week. Campus grounds work in preparation for graduation.
- **Red Backpack Hunt:** There are very, very, very old Building Steward red backpacks (picture attached) located in various areas at the Weed and Yreka Campus. If you find one, please return to the President's Office (Weed Campus) or Crystal Fahey (Yreka Campus).
- **Retirement Recognition Event RESCHEDULED:** The Retirement Event has been rescheduled to October 4, 2024. Those retirees in attendance will also be recognized at the home football game scheduled on Saturday October 5, 2024. If you know employees who have retired throughout the years, please encourage them to update their contact information with Human Resources. Official invites will be mailed prior to the event.
- **Approved RAR Notifications:** For those who submitted a Resource Allocation Request (RAR) during the open hearing process, you may be wondering when you will find out if your RAR is approved. Good question! Approval of RARs will occur after the May revise and review of the tentative budget. Our intent is to share the approved RAR spreadsheet with the campus towards the end of June.
- **ACCCA Webinar - Renew Your Commitment to Self-Care:** Thursday May 16 from 12p - 1p. "Navigating the end of the academic year can often bring feelings of exhaustion and potential burnout. These sentiments prompt us to explore strategies for bolstering our well-being, nurturing our mental health, and sustaining a commitment to self-care". To register, click [here](#).
