Hello Siskiyou and Happy December!

I hope everyone had a great Thanksgiving break with family and friends. As we embark on our last few months of the semester, I want to remind everyone of our mental health resources:

December is Seasonal Affective Disorder (SAD) Awareness Month. Millions of Americans experience significant mood changes during the shorter, darker days of fall and winter. Courtney Chase has been contracted with the College to offer group session for both students and employees. To inquire about a group session, feel free to email Courtney at: [courtney@innerwellness.health](mailto:courtney@innerwellness.health). For those of you who are CVT members, the Talkspace program is available to you. See attached flyer for details.

- **Association of College and University Educators (ACUE) Course Offerings:** California Community Colleges and ACUE are partnering to bring faculty and staff high-quality and research-backed professional learning courses. Through an engaging learning design and guided by expert facilitation, course takers will learn practices that can be implemented with students right away. These evidence-based practices have been shown to increase student retention, strengthen belonging and achievement, and close equity gaps. To learn more, click [ACUE Partnership Portal](#). Please reach out to HR to determine if these courses can be used toward PGA or the Office of Academic Affairs to determine if these courses can be used for Flex Credit.

- **Save the Date: LGBTQ+ Virtual Summit:** April 15 - 16, 2025 from 9:00 a.m. - 2:30 p.m. (PST). This year's theme, "We are the ones we have been waiting for: The LGBTQ+ CCC Revolution," emphasizes our collective mission to create inclusive, affirming and supportive environments for LGBTQ+ students across CCC campuses.
