Hello Siskiyous and Happy Women's History Month!

This year's theme is **Celebrating Resilience, Leadership, and Progress**. Women's History Month, observed annually in March, provides a vital opportunity to recognize and celebrate the contributions of women throughout history and in contemporary society. In 2025, we continue to honor the diverse experiences, achievements, and admirable spirit of women across all walks of life. In today's uncertain times, Angela Davis reminds us:

**"I am no longer accepting the things I cannot change. I am changing the things I cannot accept."** -Angela Davis, *feminist activist, philosopher, academic, and author*

SVM will also be in the welding shop restroom completing the addition of one urinal and the removal of two sinks. Diversified electric will be at the baseball field installing the wiring for the last remaining time clock before Friday's game.
