Hello Siskiyous and Happy Spring Break!

*This week's updates*

- **Enrollment Report:** Can be accessed by visiting the [Enrollment Report Webpage](#).
- **Maintenance and Facilities Updates:** Last week window coverings were removed from offices per our District SWACC inspection. Maintenance and custodial will be installing window shades for emergency lock down situations only. The City of Weed will be performing needed hydrant repairs on Friday, March 28 which will result in the campus not having water for that day. Ronnie will be deploying blue rooms and hand wash stations for the lodges and food services will be providing grab and go's. As a reminder, the Weed & Yreka Campuses will be **closed on Friday, March 28, 2025** due to this repair.
- **ROCE Workshops:** Recharge Our Community's Economy (ROCE) is hosting a series of workshops and they are requesting participation from College of the Siskiyous. If you are available on any of the future dates indicated on the attached flyer, I encourage you to attend. The workshops are scheduled between 2p - 8p and individuals can attend any portion of that time span (even for just one hour).

Lastly, congratulations to Ronnie Rivera for being acknowledged as a CCFC Facilities Leadership Institute Graduate!! We are so proud of you!

**Congratulations to Our Graduates**

The 2023-24 inaugural series was highly celebrated by attendees and successfully graduated 39 individuals from the full program, who were acknowledged at the 31st Annual Conference in Rancho Mirage.

**CONGRATULATIONS 2023-24 CFLI GRADS!**
