Date: October 6, 2020

Registration for Winter Session and Spring Semester to Begin November 2

Weed / COS – College of the Siskiyous will offer Winter Session and Spring Semester 2021 courses primarily online, with registration commencing November 2. Early registration is recommended to get the classes you need and want. The four-week Winter Session will be held January 4 – 28, 2021. The Spring Semester will begin February 1, 2021.

Siskiyous provides transfer classes to four-year colleges, associate degrees, career training certificate programs, job skills classes, and courses for personal enrichment and recreation. Many services are available for students including our laptop loaner program, student food pantry, advising and counseling, on campus housing, tutoring, financial aid, and the Campus Gift and Bookstore where students may also purchase books, supplies, and more.

Those who plan to register for classes as a full time student or are new to Siskiyous should contact Counseling Services by calling (530) 938-5353 or sending an email to counselingservices@siskiyous.edu to schedule an appointment with staff. Students may register for classes online (www.siskiyous.edu) or in-person at the Weed Campus.

Due to the COVID-19 Pandemic, classes offered in-person could, at any time, be converted to remote instruction or canceled. Access to technology (computer, internet, and web cam) is highly recommended for all classes. Fall 2020 courses currently being taught in-person with safety protocols and social distancing such as the Law Enforcement Academy, Fire Academy, Emergency Medical Services – Paramedic, Nursing, some Career Education (CE) courses, and supporting labs will continue in-person for the winter session and spring semester. Courses that are currently online for the fall semester will stay online in spring 2021. Access to the Weed Campus will continue with check-in and self-assessment at the main entrance off of College Avenue.
