FOR IMMEDIATE RELEASE

**Release #: 016**  
**Date: October 6, 2020**

### Late-Starting Physical Geography Class to Begin October 19<sup>th</sup>

Weed / COS – College of the Siskiyous announces space is available in a late-starting online Physical Geography (GEOG 1110 / CRN 7500) class set to begin October 19. This three unit class meets associate degree requirements and is transferrable to a CSU and UC and will be taught by Cassandra Hansen.

Physical Geography introduces the techniques used to locate features on Earth's surface and then draws on these techniques to explore how the planet's atmosphere, hydrosphere and lithosphere interact with one another, with solar and geothermal energy, and with human influences to shape the distributions of climates, landforms, soils and life across the globe. Students enrolling in this section will need effective computer skills with reliable internet access. This course may use an online proctoring service, Proctorio that requires the use of a webcam during exams and quizzes. There is no charge for the proctoring service, but students may be asked to provide their own webcam. Check the COS online course website at [www.siskiyous.edu/online](http://www.siskiyous.edu/online) prior to the first day of the semester for specific course information.) Students who are in need of a laptop or assistance with WiFi should contact BasecampHQ at the Weed Campus by calling or texting (530) 938-5376 or sending an email to [bascamphq@siskiyous.edu](mailto:bascamphq@siskiyous.edu).

For more information about College of the Siskiyous visit our website at [www.siskiyous.edu](http://www.siskiyous.edu) or call (530) 938-5555 or toll-free (888) 397-4339. Are you new to Siskiyou County or the College? Call or text (530) 938-5376 to schedule a tour of the Weed Campus. Our staff is happy to introduce you to our college.
