Register Now for Spring Technical Theater Classes at College of the Siskiyous

Weed / COS – Registration is open for spring 2021 classes at College of the Siskiyous. This spring the Theater Department will offer two classes designed for those interested in being ‘behind the scenes’.

Stagecraft (THEA 1600 / CRN 3176) and Stage Lighting (THEA 2600 / CRN 3177): These courses will be taught concurrently and will focus on the design and execution of the COS Theatre program’s “All-Zoom” spring production of “Night Night Roger Roger” by Megan Roni Ragone. Both classes are required for the AA and AA-T in Theatre Arts and will be offered in a Hybrid format using both Zoom and online instruction. For the first few weeks of the semester the class will meet solely on Zoom with lectures, virtual tours and demonstrations after which we hope to meet Face to Face for the hands-on work of course projects and the execution of the sets and lights for our departmental production.

Stage Makeup (THEA 1150 / CRN 3175): This course will be offered in a Hybrid format using both Zoom and online instruction. For the first few weeks of the semester the class will meet solely on Zoom with lectures, virtual tours and demonstrations after which we hope to meet Face to Face for hands-on work of course projects. All makeup supplies will be provided. This class is required for both the AA-T in Theatre Arts and Musical Theater Degrees.

Theater majors and other interested students should consider registering for one of these classes. Not only are they required for the degree, but they will be taking on the challenges of our day and preparing students for this new world in the Theater Arts! Register online at www.siskiyous.edu or in person at the Weed Campus. For questions and more information, contact Neil Carpentier-Alting, COS Theatre Arts instructor by emailing carpentier-alting@siskiyous.edu. The spring semester will begin February 1, 2021.
